**Excess Workers' Compensation Program  
Policy in Regard to Workers' Compensation Carve Outs**

PRISM Application for Review of Proposed Carve Out Program and PRISM Workers' Compensation Carve Out Program Process documents have been developed under the direction of the Claims Review Committee and approved by the Board of Directors.

In accordance with Endorsement U-3 to the Excess Workers' Compensation Memorandum of Coverage, which was approved by the Board 10/1/2010, retroactive to 7/1/2010, the Claims Review Committee will review proposed carve out agreements prior to implementation. The purpose of the review is to ensure that requirements in place under PRISM governing documents are preserved in any carve out agreement.
