Staff Legislative Activity

Staff provided update on OSHA's efforts to update the Lead Standards and Provisions. This is now on OSHA's top five regulatory priorities. New language was drafted by OSHA. Coalition efforts suggest holding off on implementing the proposed Standards to allow for review and comment and meet current data and risk analysis, be consistent with current

EAP standards, etc. The Committee approved staff joining coalition with Chamber and other public agency and employer groups.

Staff Report

Staff advised the Committee that Mike Pott is PRISM's new Chief Operating Officer, in addition to his Legal Officer duties.
