Staff reported on the activities related to the bake-off since the Committee last met. This includes final demonstrations by participating vendors, attendee surveys, solicitation of input from key staff stakeholders, ongoing discussions and Q&A sessions with vendors and development partners, evaluation of complimentary products, market research and reference checks, and completion of a comprehensive evaluation. The Committee expressed their appreciation for the process overall and staff's hard work and due diligence. The Committee unanimously supported staff's analysis and recommendations in choosing a platform and development partner which will be presented to the Executive Committee for their consideration in May.

**Future Meetings**

The next regularly scheduled meeting will be held on July 23, 2020.
