# ABOUT THE GUIDE

**These Quick Start Guides were created to assist with easily and effectively rolling out services within our PRISM members' agencies.**

## **Why the focus on ease of use?**

Because engaged employees have the knowledge, skills, ability, and willingness to manage their safety and to act on employer's recommendations. Members that invest in safety and employee engagement can expect returns in the form of lower claims, higher morale, and improved bottom-line costs.

But the barriers are real, too: reluctant users, end-user questions, cumbersome enrollment, and puzzling interfaces. And that's why we created The Guide.

## **How to use The Guide?**

In this guide, we describe how you can make the services work for you and your agency. Find out more about the benefits, services, products, and features of each one. Step-by-step instructions make it easy to started.

## **Eligibility**

PRISM members who participate in a Major Program either directly, or via their parent Joint Powers Authority (JPA), may access the services contained in The Guide. Check out the [PRISM's Menu of Services](#) matrix for more information.

If you have any questions, please feel free to [contact us](#). Ready! Set! Break!

# STRATEGIC PLANNING FACILITATION SERVICES

## INTRODUCTION

They say that many golf bets are won or lost on the first tee . . . it's what is negotiated prior to the first tee shot that will determine the outcome of the day. The same applies to successful strategic planning session outcomes!

With nearly thirty years of working in organizational management, fourteen years with local, state and national associations, and fifteen years with self-insured risk management pools, Rick Brush has been a part of many strategic planning sessions that ranged from excellent to not very productive. These experiences fueled his passion to create the "Perfect" strategic planning session and to provide this service to organizations.

He has spent his career working with groups of individuals and engaging them for the collective benefit of their group – in other words, getting board members to take off their individual hats, wear the hat of the organization, and figure out how they can best work together to plan the organization's future. His style is personal and collaborative, creating an environment that is comfortable to openly share information, debate in a constructive manner, and come to specific agreed upon goals.

## THREE PARTS TO A SUCCESSFUL STRATEGIC PLANNING SESSION

### BEFORE THE MEETING

Work that happens prior to the strategic planning meeting sets the stage for the day. Before the meeting, Rick will work with staff to establish a timeline to interview staff and key board members, create a survey to be sent to all participants, and make sure the table is set for a productive meeting. This is the foundation that enables the group to dive into matters swiftly and head on, so that on the day of the meeting, they will be engaged right from the start.

### DURING THE MEETING

The best facilitators are simply that – facilitators of discussion. Rick does not impose his opinions into your process and deliberations, but will artfully lead discussions, recognize sticking points, know how to overcome them, and work to build consensus towards setting goals. This is the "What" phase, meaning "What" should be the organization's focus.

### AFTER THE MEETING

He will work with your staff to build a report that is clear and concise, creating a useful document to implement the "How" phase. The report will document Strategic Goals, Outcomes, and Milestones. It will be used by staff to establish priorities, build timelines, identify responsible parties, and determine any necessary additional resources.

Prior to that, Rick was the CEO of the California Society of Association Executives (CalSAE), the third largest society of association executives in the nation.

## Perspective

Having been the CEO, Administrator and staff liaison of an organization, working with many strategic planning facilitators, Rick is well aware of the needs and expectations of staff.
