Nara Karimova		X			X	X

Introducing...Anna

Anna is currently the Management Analyst for a City in Northern California. She manages and processes all G/L tort claims, subrogation claims and routes them to the TPA as needed. She works closely with the Finance Department for the City's self-insurance, budget and Workers' Compensation/General Liability audits. She also manages facility contracts/franchise agreements, Medicare reporting, unemployment and payroll verification, COIs, and the City's insurance policies. In the near future, she will also be overseeing the training and safety program with HR. She's in a newly created role and it continues to evolve with time.

Anna is completely brand new to the field (1.5 years), and she completed CPS HR's Risk Management Practitioner Certificate program, as well as successfully completed her first courses to earn an ARM designation.

She is interested in PRISM's Mentorship Program because she is new to the Risk Management industry and would appreciate an expert in the field to whom she can go to seek advice/ask questions to help her be successful in the field.

She believes that important qualities of a mentor/mentee include the knowledge/experience and excitement about the field and sharing that same enthusiasm/passion to a newbie.

ANNA

Her preferred methods of connecting are via in-person, email, phone, and Zoom calls.

Anna's Education Background

- Elementary Education
- Biology
- Risk Management Practitioner (RMP) Cert from CPS HR

Her Areas of Need Include

- Accounting/Risk Finance
- Claims Management
- Risk Control
- Risk Management

MENTEE

TABLE OF
CONTENTS

Introducing...Beth

Beth currently oversees operations at PERMA, an all-lines municipal pool with 30 members. She is directly involved in daily operations including Board relations, claim, financial, risk management, and administrative functions.

Her past experience includes working with excess, primary, and hybrid pools. She has served as both staff (CJPIA & PERMA) and consultant(Bickmore & Risk Program Administrators) for the past 21 years. Beth obtained her ARM-P as well as her CA broker's license. She has experience working with challenging Boards and difficult financial situations. Beth also worked at a city for several years in the 1990's.

She is interested in PRISM's Mentorship Program because she strongly believes in pooling and would like to share the things she has learned during the past 25 years. Additionally, she feels that she will benefit from talking with others that have different experiences and perspectives.

Beth believes that important qualities of a mentor/mentee include the following:

For both: willingness to listen, receptive with an ability to think "outside of the box" and/or conceptualize new things.

Her preferred methods of connecting are via in-person, email, phone, Zoom calls, and/or at an industry conference.

BETH

MENTOR

Beth's Education Background

- Bachelor of Arts (BA) - Psychology, Math, Spanish
- Associate in Risk Management (ARM) - Public Entity (P)
- CA Brokers' License

Her Areas of Expertise Include

- Accounting/Risk Finance
- Claims Management
- Human Resources
- Information Technology
- Risk Control
- Risk Management

TABLE OF
CONTENTS

Introducing...Craig

Craig currently works as Executive Director of San Mateo County Schools Insurance Group (SMCSIG), where, for the last 6 years, he is directly involved with managing the full service pool. He is also the current sitting President at CAJPA!

His past experience includes 35 years of handling public entity claims at all levels. He has served on both CAJPA and PRISM Legislative Committees.

He is interested in PRISM's Mentorship Program because he wants to pass on invaluable industry knowledge and experience.

Craig believes that important qualities of a mentor/mentee include the following:
Being a good coach, and listening.

His preferred methods of connecting are via in-person, email, phone, Zoom calls, and/or at an industry conference.

CRAIG

MENTOR

Craig's Education Background

- Bachelors of Art, Political Science, California Polytechnic University San Luis Obispo.
- Master of Business Administration (MBA)
- Associates in Risk Management for Public Entities, (ARM-P) completed 2002 & 2013
- IEA –Introduction to Workers' Compensation Claims (WC006)
- Certificate in Legal Principles of Claims Law (American Educational Institute)
- Management and Supervision Certificate from University of California Santa Barbara.
- Praesidium Guardian Certification (Sexual Abuse Training Certificate)

His Areas of Expertise Include

- Claims Management
- Risk Management

TABLE OF
CONTENTS

Introducing...Helaina

Helaina has been in risk management/claims for a while now. She is currently a Risk Management Administrator. She oversees Workers' Compensation, DOT-Safety Sensitive, Safety, and COVID.

Prior to her work with the City, she worked for a few different agencies:

- Sr. Risk Analyst : Oversaw the following programs (Workers' Compensation, DOT- Safety Sensitive, Safety, Disability Management, Leaves Management, and COVID).
- She also participated contract and insurance renewals for the general liability program.

She is interested in PRISM's Mentorship Program because she would love an opportunity to learn from those with more specialized experience in other areas. This will help her continue her development and become more well rounded.

Helaina is looking for a mentor who is embodies trust and understanding. A big aspect for her is communication.

Her preferred methods of connecting are via in-person.

Helaina's Education Background

- University of Albany, SUNY
- Boston University

Her Areas of Need Include

- Human Resources
- Information Technology

Introducing...Hugo

Hugo is currently is currently a Risk Management Coordinator for a Southern California public agency. He works very closely with the Risk Manager in the day-to-day risk management duties from claims, to risk control, and insurance.

Prior to his current role, Hugo was the Risk Manager at Lennox School District for 6 years. His responsibilities revolved around Workers' Compensation, Risk Management trainings, Benefits, and Leaves of Absence management.

He is interested in PRISM's Mentorship Program because he wants to gain knowledge from someone with more experience.

He would appreciate a mentor who has the following qualities: understanding, patient, and knowledgeable in the industry.

His preferred methods of connecting are via in-person, email, phone, and Zoom calls.

HUGO

Hugo's Education Background

- Associates Degree in Art (AA) - General Studies
- Bachelor of Science (BS) -Business Administration-Management
- CSRM -Certified School Risk Manager

His Areas of Need Include

- Risk Control
- Risk Management
- Specifically in the following area: staff trainings and COI compliance. His job duties include coordinating staff trainings to increase safety and reduce losses. He would like to learn about different methods/procedures of trainings and which trainings are needed, etc.

CONTENTS](#)

Introducing...Jamelle

Jamelle most recently retired as a Claims Manager for a Southern California city for the past 10 years. Currently, she is acting in a general management consulting role with the Council of Self-Insured Public Agencies (COSIPA).

Her past experience includes titles such as: Claims Manager, Assistant Claims Manager, and Special Projects Manager for self-insured public agencies, self-insured employers, and insurance companies. Her experience also includes staff training, RFP preparation and process, and paperless office transitions.

She is interested in PRISM's Mentorship Program because she is interested in learning more and staying current in the work comp industry, as well as helping other claim managers to understand and tackle claims issues that she has encountered and conquered.

She believes that important qualities of a mentor/mentee include the ability to be a good listener, for both the mentor and mentee. Next to listening, there needs to be a willingness to engage, share, and learn.

Her preferred methods of connecting are via in-person, email, phone, at in industry conference, and Zoom calls.

JAMELLE

MENTOR

Jamelle's Education Background

- Master of Business Administration (MBA) - Emphasis: Management
- Bachelor of Science (BS) Business Administration - Emphasis: Marketing/Management.
- SIP Certificate
- WCCA Certificate
- Experienced Adjuster Designation - CEU valid through June 2022

Her Areas of Expertise Include

- Claims Management

TABLE OF
CONTENTS

Introducing...Jarred

Jarred is currently a Risk and Security Management of public transportation organization including claims handling, insurance handling, and overseeing safety/training department for four years now.

Prior to his current role, Jarred spent five years as a Safety and Training Officer for public transportation entity.

He is interested in PRISM's Mentorship Program because he wants to learn more about claims management and insurance.

He would appreciate a mentor who is knowledgeable and possesses the ability to relate to others.

His preferred methods of connecting are via email, phone, and Zoom calls.

JARRED

His Areas of Need Include

- Claims Management
- Information Technology
- Risk Control
- Risk Management

Introducing...Jason

Jason is currently a Risk Management Administrator for a Northern California County. In his role, he oversees claims management, insurance claims, insurance renewals, and all County safety and concerns.

Prior to his current role, Jason was the Assistant Director of HR and oversaw all risk for the County. They determined the County was not devoting enough time and energy to risk management and so his position in HR was eliminated and transferred risk management to County Counsel. He then assumed the title of Risk Management Administrator and assumed all duties.

He is interested in PRISM's Mentorship Program because he wants to expand his knowledge, improve County best practices, and become more comfortable in his position.

He would appreciate a mentor who has a wide range of knowledge in risk and insurance, considering he is relatively new to his position.

His preferred methods of connecting are via in-person, email, phone, and Zoom calls.

JASON

Jason's Education Background

- Bachelor of Arts - Criminal Justice & Psychology

His Areas of Need Include

CONTENTS](#)

Introducing...Jeffrey

Jeffrey currently works in the HR Department Safety Loss Control Division. His title is the Division Manager from January 14, 2022 to present day. As the Division Manager he plans, organizes, coordinates, and directs the County Safety Loss Control Division. With his responsibilities also include Risk Identification/Assessment, Loss Control - process, and Risk Transfer.

His past experience includes being a Principal Safety Analyst/Assistant/Acting Division Manager, Sr. Risk Analyst, Subrogation Claims Adjuster (Risk Management Division), and a Workers' Compensation Claims Adjuster (Workers' Compensation Division) with the same government entity as his current role. All of these past roles have helped him in insurance contracts, policy, and terminology to succeed in his current role.

He is interested in PRISM's Mentorship Program because he is a teacher at heart and the program provides him with an opportunity to give back to an industry that has given him so much.

He believes that important qualities of a mentor include a platform to give back to those who are coming up/new in the industry.

His preferred methods of connecting are via email, phone, industry conferences and Zoom.

JEFFREY

Jeffrey's Education Background

- L.A. City College - General Studies
- Ashworth College - Paralegal
- Chartered Property Casualty Underwriters - Associate in Risk Management (ARM)

His Areas of Expertise Include

- Accounting/Risk Finance
- Risk Control

MENTOR

TABLE OF
CONTENTS

Introducing...Jiles

Jiles currently consults for a Southern California City where he manages their self-insurance programs, analyzes potential financial exposures, and develops, implements, and monitors their General Liability and Workers' Compensation programs.

His past experience includes having been a risk manager for several Southern California public agencies, including several cities and transit agencies. He also served two Governor Administrations as a member of the State of California Workers' Compensation Fraud Assessment Commission. The Commission administered over \$53 million to District Attorneys' and State of California Department of Insurance (CDI) to fight workers' compensation fraud. Additionally, he was on the ASSE Risk Management /Insurance National Advisory Committee (Government Affairs). He has also taught at the University at California, Riverside, covering topics like: Risk Management, Diversity & Inclusion, and Conflict Resolution.

He is interested in PRISM's Mentorship Program because he possesses over 30 years in the industry and would like to give back.

He believes that important qualities of a mentor/mentee include the ability to be a good listener, is an open and honest communicator, and has relevant expertise or knowledge, all while having the enthusiasm for sharing that expertise.

His preferred methods of connecting are via in-person, email, phone, at in industry conference, and Zoom calls.

JILES

MENTOR

Introducing...Lisa

Lisa has been in Risk Management for 6 years and is the Safety Officer for a South California City. As the City's sole full-time safety professional, her primary duties revolve around safety program management, including policy review and refinement, the Ergonomics and AED Programs, hazard/facility inspections of City property, building a safety culture, and ensuring that the City is compliant with mandated safety training.

Prior to her current role, Lisa was a Loss Control Representative for a religious non-profit. There, she learned how to: complete a hazard inspection, solicit buy-in from reluctant stakeholders, write and edit policies, create and hold safety trainings, provide guidance on risk related matters, review contracts, and adjust property losses. Prior to that, when she first graduated from college, Lisa was a claims adjuster and estimator for personal auto claims, commercial auto claims, and total losses.

She is interested in PRISM's Mentorship Program because she has been a mentor and has also been mentored several times in her life. She believes that the professional impact and personal growth that comes out of mentorship is one she can't champion enough.

Lisa considers important qualities of a mentor include good communication skills, a sense of curiosity, is open, honest, has tact, is conscientious, flexible, and mature.

Her preferred methods of connecting are via in-person, email, phone, and Zoom calls.

LISA

- Claims Management
- Risk Control
- Risk Management

TABLE OF
CONTENTS

Introducing...Maricela

Maricela is currently an HR Analyst for a Southern California City where her primary focus is on recruitment, classification & compensation, performance management, payroll, and special projects. She has limited exposure to claims management, subrogation, and safety.

Prior to her current role, Maricela has also been a Sr. Account Clerk and HR Specialist.

She is interested in PRISM's Mentorship Program because she wants to help develop a Risk Management program for the City. She feels that without the help of a mentor, learning enough about risk management to be able to develop a program could take a very long time. Also, she wants to make sure that whatever she puts in place is correct, and how better than to learn from industry experts.

Maricela feels the following are important qualities for a Mentor/Mentee

Mentor - Eager and willing to share their expertise, open and honest, can provide direct feedback.

Mentee - Receptive to receiving knowledge and feedback, eager to learn but also to help the mentor in areas they want to learn about.

Her preferred methods of connecting are via in-person, email, phone, at an industry conference, and Zoom calls.

MARICELA

Maricela's Education Background

Introducing...Rasheedah

Rasheedah has been in risk management/claims since 2006. She is currently being groomed to promote to the Risk Manager for a Southern California City. She is currently responsible for claims management, policy renewals, leading the Safety Committee, assigning/leading safety trainings, reviewing contracts, creating policies, and updating the City's IIPP.

Prior to her work with the City, she worked for a few different agencies:

- a private restaurant chain where she started off as their General Liability and Workers' Compensation Administrator and ended as their Risk Manager
- a Southern California Transit Agency as a General Liability Examiner
- an insurance company as an initial loss adjuster, bodily injury adjuster CIS (partnered with SIU), and Senior Field Adjuster.

She is interested in PRISM's Mentorship Program because she plans to become the Risk Manager at the current city with whom she's currently employed and would also like to expand upon her skill set. She considers herself a sponge that is always willing to learn something that is tried and true, but will also stay in touch with the current trend.

Rasheedah is looking for a mentor who is honest, candid, provides constructive feedback, is a great listener, non-judgemental, flexible, sees the value in diverse perspectives, has a positive attitude, possesses a willingness to share their skill sets, and has a true passion for risk management.

RASHEEDAH

Her preferred methods of connecting are via in-person, email, phone, at industry conferences, and Zoom calls.

Introducing...Sara

Sara is currently an Assistant Risk Manager at a County and started January of 2024. Her office currently handles all General Liability Claims, Contract Reviews, and Risk Assessments for the County.

Her past roles include working at Farmers Insurance as a Liability Claims Manager for over 22 years. Her team consisted of 6 supervisors/leaders, and 36 adjusters/general adjusters. She handled all injury claims, high/low exposure, litigation across California, and coverage interpretation.

She is interested in PRISM's Mentorship Program because she was invited to participate in this program and am very interested as I learn to navigate the Public Sector as well as learning the nuances of self-insurance, excess insurance and re-insurance. I am also interested in having a partnership with a mentor that will allow me to explore concepts, ideas and policies from a perspective outside of the County. I believe this will give me more awareness and will aid in me taking on a more global view point when taking all the different facets of risk for a particular situation into consideration.

Sara is looking for a mentor who offers open, clear and concise communication, availability, ability to forecast hurdles or next steps the Mentee may face, patience, a desire to help others achieve goals and/or improved skills.

Her preferred methods of connecting are via in-person, email, phone, at industry conferences, and Zoom calls.

SARA

Sara's Education Background

- California State University, Sacramento
- BS: Criminal Justice

Introducing...Sarah

Sarah has been in the role of a Risk Analyst for a month now. She is in charge of contract insurance requirements, insurance renewals for the County, risk and safety assessments, building walk through for OSHA compliance, ergonomic assessments, development and oversight of a wellness committee, development and oversight of a County-wide safety committee, administration of the county wide learning management system, and policy research/development.

Her past roles include working for the County Department of Social Services for 7 years as a Staff Services Analyst and one year as a Supervising Staff Services Analyst. While working as a SSA I oversaw contracts, procurement and safety, as well as other internal program integrity functions.

She is interested in PRISM's Mentorship Program because she wants professional development. She wants to obtain feedback and advise. Some other things she hopes to gain are knowledge, personal growth, networking, career advancement, and inspiration/motivation.

Sarah is looking for a mentor who has experience, good communication, accessibility, and empathy. To add, she would appreciate someone who is understanding, respectful, honest, patient and shows good commitment.

Her preferred methods of connecting are via in-person, email, phone, at industry conferences, and Zoom calls.

Introducing...Sarah

Sarah is currently overseeing workers' compensation, employee benefits, general liability, insurance, and budget. She has been in this role for two years now and works as a small team of three people.

Her past roles include work in administration, human resources, and procurement (20 years of government experience).

She is interested in PRISM's Mentorship Program because she is still new to risk and there is so much room for improvement in our processes. She is always open to learning new things and developing better practices.

Sarah is looking for a mentor who is knowledgeable, resourceful, and experienced. She is searching for someone who can relate to a County with a challenging budget and approximately 1,600 employees.

Her preferred methods of connecting are via email, phone, and Zoom calls.

SARAH

Sarah's Education Background

- Associates degree in Business Administration

Her Areas of Need Include
