Customization
Customizable workflows, branding, check-in screens, language options, reporting, and more.

Easy to Use
Sign In App is intuitive for everyone involved, whether it be visitors, employees, or administrators. .

Discounted Pricing
Prices have been negotiated with your public entity's needs in mind.

Quick Start Steps

1. Send an email to prism@signinsolutions.com for more information or schedule time to meet with one of the specialists on the SIS team. Mention that you are a PRISM member to take advantage of the discounted rates.
2. A specialist will meet with you to provide a demo about the features and functionality of Sign In App and discuss the different pricing tiers.
3. You will need to determine the number of locations for which your agency would like to implement the visitor management system.
4. You should identify any equipment that needs to be purchased, such as an iPad or Android tablet, counter or floor stand, or a badge printer. This equipment is available for purchase through SIS.
